

## Separett® Waterless Toilets

Separett® waterless toilets are designed to be placed in homes and cabins where there is no access to septic systems, or where a homeowner desires to use less water. The Separett® Villa uses minimal electricity and can be used with a graywater system for simple wastewater disposal.

### Standard Features:

- Small, energy-efficient fan keeps odors and moisture circulating out of the room.
- Impact-resistant high gloss polypropylene material, recyclable
- Concealing view screen with an automatically rotating bucket
- Child seats are provided with the toilet to meet the entire family's needs

Model	Inner Container	Voltage	Power	Electrical Connection	Fan noise	Dimensions
9210	23 litres, PP	12V	0.06kWh/24 hrs	Batt. cable or power adapter	<30dB(A)	17"Wx26"Lx 22"H
9200	23 litres, PP	110-120V	0.35/0.45 kWh/24 hrs	Power cord	41/31dB(A)	17"Wx26"Lx 22"H

5 year manufacturer guarantee

### Environmentally Friendly:

The dried or semi-dried solid waste can be composted to become a fertilizer; it can be placed in an outhouse; or it can be burned like a cow paddy in a woodstove. The urine can be spread on a garden, shrubs, or flowers. With the *Separett Ejektortank* you get the optimal mixture of urine and water automatically (8 parts water to 1 part urine), which enables the plants to use the nutrients without be burned by excess fertilizer.

## Parts:

### Accessories *Seperett® VILLA®*

■ = included with *Seperett® VILLA®* 9000/9010/9200

**Solid waste container including lid**  
Item no 1098-02

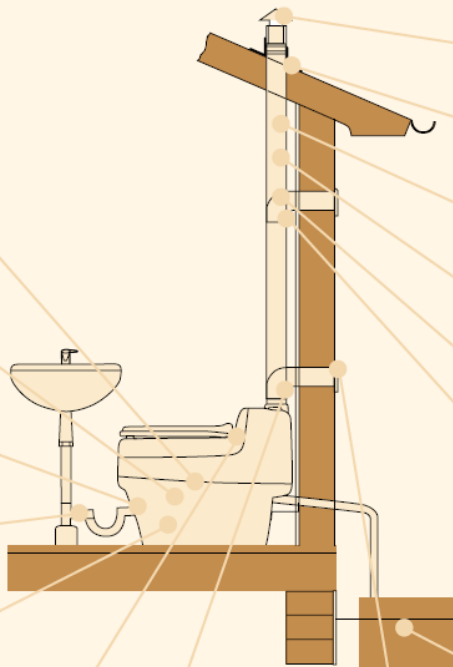

**Compostable waste bag**  
Degradable, (10/roll). Fits all models from 1998. Item no 1127-01

**Solid waste bag**  
(10/roll). Fits all models from 1998. Item no 1126-01

**Bio drain cleaner**  
Place in the urin basin. The enzymes helps clearing the pipe. (5 pieces/package). Item no 1118-01

**Waterseal urine waste pipe**  
Ø32-40 mm. NB! Only needs to be fitted if an unpleasant odour from the greywater system flows up through the toilet and can be smelt outdoors. T-pipe (Ø32-40 mm), U-band pipe, 2 wall mounts. Item no 1032-02

**Absorb**  
Compostable. Absorbs any moist in the solid waste container. (5 pieces of Absorb tissues/package). Item no 1060-01

**Vent cowl**  
Ø75 mm  
Art nr 1030-01

**Roof flashing, EPDM rubber**  
Tarred roof/tiled roof.  
Art nr 1092-01

**Vent pipe, 2 metres**  
White Ø75 mm  
2 metre pipe, 2 wall mounts  
Item no 1020-03

**Connector pipe, straight**  
Ø75 mm  
Item no 1023-01

**Connector pipe 90°**  
Ø75 mm  
Item no 1021-01

**Joint seal**  
Small pipe coupling.  
Ø75-55 mm  
Item no 1024-01  
Large pipe coupling.  
Ø75-110 mm  
Item no 1025-01

**Child seat**  
Item no 1101-01

**Indoor flashing for vent pipe**  
Ø75 mm. Item no 1027-02

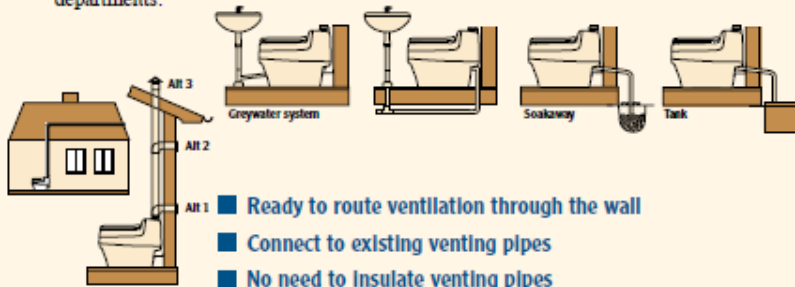

**Vent grid**  
Ø75 mm  
Item no 1026-02

**Ejektortank 50 litres**  
Item no 1013-03

## Installation Options:

### Urine Outlet

The urine drainage pipe can be led to the greywater system (e.g. sink or shower), a soakaway or a tank. Details concerning the most suitable and approved alternative can be obtained from your local Environmental Protection, Public Health and Building departments.

## Emptying Solids:
